Zenonia 5 leveling guide

Your biggest damaging attack, so you need this.[Damage] (ATT: 695% + 35 per skill point) x 1 hit x AOE[Approx Lvl 10 DMG] ATT x (1010%) x AOE Holy Light [35] - Summon a thing that heals you if you stand close by. Hits 3 monsters max.[Damage] (ATT 100% + 6 per skill point) x 2 to 4 hits [Approx Lvl 10 DMG] ATT x (308% ~ 616%) Temple Knight's Scream [5] - Hits stuff in a straight line in front of you twice. Hits 3 monsters max. It's pretty low damaging (only 5 ATT for STR) but you get tons of DEF so the class is pretty easy to play. Also gives invincibility frames. I am a video game fanatic with over six years experience as an online writer.The PaladinThe Paladin of Zenonia 5 is a nice change away from the usual glass-cannon-fast-melee character that Gamevil usually includes. Archangel's Blessing [45] - Summon an accomplice to fight with you. Recharge Shot [15] - Not good, you send out 3 projectiles (outwards, so they go a little up, straight, and a little down) and heal a little bit.[Damage] (ATT: 300% + 20 per skill point) x 1 hit x 3 shots[Approx Lvl 10 DMG] ATT x (480%) x 3 shots Hammer of Silence [15] - Invincibility frames. Saludo on March 19, 2019:Jackpot 7777Jaybrill on March 18, 2019:Divisional tacticsGeoaries on June 08, 2016:Can anyone help me what skill is good for my paladin CON type and a lil'bit of STR please. For protection and escaping, this could maybe be mildly useful. I want to become a good partner when it comes that we or I have a time to join the pvp. it is good..pls add me panogan16 thx322 on November 18, 2014:any active player here up to date ??need a friend to add to get 7777 title..dony on October 26, 2014-use full con def, reflect skill, and archangel summon was unbeatableVictor Seow on August 22, 2014:So should i go for pure STR or hybrid? my god.. You can go into the Abyss once a day free. You have heals and buffs as well. The Paladin is pretty weak, while being a tank. It's a build between Pure Str and Hybrid.I've done this way and it is very good so far. Offensively, the shield hits everything around you, but slowly (around once a second) and not very hard (something lower than your ATT). The Paladin doesn't have that many great active skills though...The [Damage] and [Approx Lvl 10 DMG] is there to help maybe compare the skills better. This way you keep high STR but with a few CON to survive. You get 4 different buffs and I'd suggest choosing 2 so you have space at least for Archangel's Blessing. Purifying Flame [25] - Not good. It doesn't heal much and is pretty meh overall. Throw in some CON but mostly STR for your Paladin unless you're going for some crazy CRIT-skill-spammer build. dominates pvp... You may or may not need this. Summons some fire in front of you that monsters get hit slowly in. Invincibility frames, though. If an attack is 'x AOE' that means you can hit everything in the vicinity.SkillsCuring Light [1] - Your Paladin self-heal skill. If they're right in front of you, you usually get 2 hits. Also, follow the skills for pure STR too.Baron on March 18, 2013:After testing all 4 characters, I find that Paladin is the best, using your guide.hihi on March 12, 2013:so 1st is for pure CON player?fortunity on February 07, 2013:Hollies stone are from the Ogre FranksteinsLvl70Paladin on January 28, 2013:Lvl5xPala - You can get it from the Hell Fly (the first dragon monster you encountered.)Lvl5xPala on January 20, 2013:Anyone remember where you got holies stone from?GrindingPala on January 19, 2013:Paladins are pretty strong with the 2 hammers but i was wonderingLvl5xPala on January 19, 2013:Thank you very much for posting this!Pala's very challenging for me now, as I have added quite some stats into CON, killing mobs rather slowly now. Not great, but you can increase hits by leveling this to 5 and 10. The game itself is a little slower but nothing beats younewbie of paladin on November 24, 2013:What stat should i up to make my paladin damage much more higher and of course my def too.tres on October 24, 2013:i have develop a balance str, con, int paladin. Get HP Absorb +2% title for having exactly 7777 gold, and eventually an all stat +10% title for reaching 1 million gold. It does the same damage as you. You can make the fire last longer with more levels but it's pretty much not worth it. Pretty much one of your best AOE skills.[Damage] (ATT: 265% + 15 per skill point) x 1-3 hits x AOE[Approx Lvl 10 DMG] ATT x (400% ~ 1200%) x AOE Scale Aura [25] - Not really necessary. i have allot of sp for healing and some active skills, and i may suggest at least a paladin should have 1 shield charge, so u can get near to your opponent. You can substitute your ATT into the 'formulas' and get an average damage to a single monster. I skip the buffs because the Paladin has enough DEF with CON adding 3 DEF rather than the usual 2. Works well with the Cool User (SP Absorb +2%) title you get after playing the game for 2 hours. Hits 3 monsters max.[Damage] (ATT: 250% + 15 per skill point) x 2 hits [Approx Lvl 10 DMG] ATT x (770%) Holy Cross [5] - High attack but low hits. Shield Charge [1] - Your usual charge move. Thank you :jhaha16 on April 11, 2015:guy's, im building my pala 2str 1con on the beginning and 2con 1str afterwards, it this viable?322 on November 18, 2014:i am currently following this guide.. It's pretty hard to get 2 hits, monsters have to be at the edge of the attack's range.[Damage] (ATT: 500% + 30 per skill point) x 1 to 2 hits[Approx Lvl 10 DMG] ATT x (770% ~ 1540%) Crest of Authenticity [5] - A buff that increases your Max HP by 47% for 40 seconds at max level. wizards can't escape me..Yellow turtle on July 12, 2013:Pure con is the way to go. i call it the diamond type.. The other active skills are pretty flimsy. add me the name is ChampsSsChris on November 30, 2013:I've found that pure con dominates pvp just saying go to www.gamelytic.com for a pure con build. Which is better in PvP and killing Bosses?Wat u guys prefer?Al on December 30, 2013:pure con and and master the skill scale aura... Useful for pure STR's who need a break from the action when mobs gets too angry. You send a projectile out in front of you. It's virtually unbeatable in pvpheinrich on June 09, 2013:should i only go srteingt now have built my paladin hadyheinrich on June 09, 2013:i am lvl 37 and i have 101 con and 91 srteingt15lv Paladin on May 18, 2013-get 60 Con and 30 str at lvl5 and you will be unbeatable at PvPMY name is ChristGod add me as friendanonimous on May 06, 2013:Add 5 STR and 1 CON every two levels. You don't really need more DEF, but this can help if you need better tanking. Pyntöäsi ei voi käsitelläOngelma pyynnön käsittelyssä. Actually, a pure STR Paladin is very possible (I've included a build) due to all the defensive buffs, but you have to be OK with using them a lot. Maxed out, you instantly heal 38% of your HP for only 187 SP. saves lots of potions. Armor of Protection [15] - Buff that increases your DEF. If you don't pump into STR, it'll take ages to kill things, because you'll be able to survive harder enemies as well. and make sure that you equip REFLECT items ... Hammer of Justice [25] - You freaking throw a huge hammer out of thin air in the name of justice and big damage. Absolute Shield [35] - Summon 2 spheres that rotate your character for 6 seconds (+1 per additional skill point) while protecting you by boosting your DEF. Yritämme korjata ongelman mahdollisimman pian. Probably lots of normal attack spamming, just FYI.Stat PointsSTR - ATT +5, DEF +1, 0.2 CRIDMGDEX - CRIT +0.36, EVA +0.26, HIT +0.08INT - ATT +1, SP +26, CRI +0.14, HIT +0.18CON - ATT +1, DEF +3, HP +26The stat points for the Paladin are trickier than the other classes, but believe me when I say in the beginning at least, add everything into STR. A difference for this build is that the Archangel's Blessing [45] skill is useful for escaping the action and drawing attention elsewhere so you can hit everything with your hammer. I'd go with either the Max HP and DEF ones or the DEF and reflect ones.Lvl 2 to 4 - Curing Light (3)Lvl 5 - Crest of Authority (1)Lvl 6 to 14 - DEF Increase (9)Lvl 15 - Hammer of Silence (1)Lvl 16 - Armor of Protection (1)Lvl 17 to 24 - ATT Increase (6), Curing Light (5)Lvl 25 - Hammer of Justice (1)Lvl 26 to 34 - Add into whatever you needLvl 35 - Holy Light (1)Lvl 36 to 44 - DEF per STR (9)Lvl 45 - Archangel's Blessing (1)Eventually:Curing Light (10)Crest of Authority (7)Hammer of Silence (10)Armor of Protection (7)Hammer of Justice (10)Holy Light (1)Archangel's Blessing (1)DEF Increase (10)ATT Increase (10)STR Increase (10)CON Increase (10)DEF per STR (10)Passive Master (10)Survival Instinct (1)Area Zero (1)Misc:HP Medicine is better than HP Potion (L) at around 2666 HP SP Medicine is better than SP Potion (L) at around 3333 SP Skill Reset costs 150 ZEN which is pretty cruel. Passives are very straightforward. Not great but the range gets better if you level this up and the attack's not bad. © 2013 T'occs Ljaybrill M. BuildsSilent Justice (...).Here's a build centered around your two main (best) attacks, Hammer of Silence [15] and Hammer of Justice [25]. You can choose among leveling Shield Charge [1], Holy Cross [5], and Recharge Shot [15] (I prefer the first two). Hits monsters in a straight line in front of you. Plus you get a passive that adds DEF per STR which makes your DEF even more ridiculous.Lvl 2 - Curing Light (1)Lvl 3 - Shield Charge (1)Lvl 4 - Curing Light (2)Lvl 5 - Holy Cross (1)Lvl 6 to 14 - ATT Increase (9)Lvl 15 - Hammer of Silence (1)Lvl 16 to 24 - Curing Light (5), DEF Increase (5), ATT Increase (10)Lvl 25 - Hammer of Justice (1)Lvl 26 to 34 - STR Increase/CON Increase/Hammer of Justice/Curing Light (whatever you need)This build will end up like (108 skill points total):Curing Light (10)Shield Charge (1)Holy Cross (1)Hammer of Silence (10)Hammer of Justice (10)DEF Increase (10)ATT Increase (10)CRI Rate Increase (5)STR Increase (10)CON Increase (10)DEF per STR (10)Passive Master (10)Survival Instinct (10)Area Zero (1)Pure STRBasically for this, your stats take care of all the ATT, and buffs cover the DEF. i am unbeatable in pvp.. It sets things on fire, but is super weak. It hits right in front of you and knocks back.
